SLE Pen Portrait

Name:	Jenny Mason	
School:	Kenmore Park Junior School	
Phone number:	0208 204 6294	
Position Held:	Pastoral Manager Designated Safeguarding Lead PSHE Coordinator in school	
SLE area of expertise:	Pastoral care and PSHE	
Current Responsibilities:	Children say my job is to keep them safe and help them with their worries. They are correct! The rest of the time I am responsible for many things including: - • Pastoral Care – Establishing and developing provision. • PSHE – Intent, implementation and impact. • Implementing and developing programmes of support for vulnerable children and their families. • Parental engagement • Safeguarding – "Train the Trainer." • Lunchtime Provision and staff • Restorative Approaches – Conflict management • Increasing the reach of Pupil voice • Designated Safeguarding lead • Point of contact for external agencies and the community (establishing strong links and relationships are essential to any outstanding provision)	
Previous Career History:	Experience spanning 13 years as Pastoral Lead & DSL in two different schools in Harrow and Barnet. Established and developed this role in both schools. 3 Years as PSHE Coordinator – Currently developing and implementing a new curriculum across the school. Experienced play leader/Manager Experience of supporting other local's schools in Harrow.	

What do you hope to achieve as an SLE?	My aim is that every child will thrive emotionally and academically in Harrow. I believe we are well on the way to achieving this at KPJS. My vision is that PSHE will be the life blood that is running through every school in Harrow. This will ensure that we are not only preparing pupils for the academic challenges they may face, we are also enabling them to become resilient citizens of the future. Giving children the resources they need ensures they have strategies to deal successfully with whatever they face. I want to enable schools to have the resources and confidence to examine their own practice and develop systems which complement the needs and strengths of their own school community. Supporting school leaders to work out their own strategies to empower their pupils now and in the future.
Specific Areas of expertise, and how you might be able to help other schools:	**Ideas to reality** – I am great at taking people's hopes and visions and turning them into practical working realities. I have worked in all the things above and could help your school to: - - Develop your PHSE curriculum - Increase parental engagement - Ensure your staff are trained to statutory Safeguarding requirements. - Provide staff and children with training in restorative approaches a holistic approach to successfully supporting and empowering families and managing conflict. - Ensure that Quality Lunchtime provision is provided. The social curriculum should be a priority not an afterthought. Empowering the lunchtime leaders and improving communication.
